-TAKE-The Weekly Ledger

Peruna is of national fame as a cataryh remedy. It is the only internal systemic stairth rumedy known to the medical profession. It makes diseased mneous membranes healthy, whether it is the mucous membrane lining the nose, throat, lungs, stounach, kidneys or pelvic organs. It cures various diseases of all these organs, because two-thrids of the ills of mankind are due to catarrh. With healthy mucous membranes elimate diseases lose their ferror, the system is enabled to throw off contagion, and health follows inevitably.

Mr. A. T. Wood, Mt. Sterling, Ky, writes:

Mr. A. T. Wood, Mt. Sterling, Kyawrites:

"For many years I have been a sufterer from catarrh, and have spent time and money with physicians and used many kinds of remedies which were 'guaranteed sure cures', but in every case it was money throw away.

"I reaped no benefit whatever from them. In my seemingly vain search for relief I purchased a bottle of Perum, having no confidence in it whatever at the time. This was about one year ago, and I began to improve and was able to attend to my business without being constantly hampered by every kind of pain known to a human being. My hearing, which was almost entirely gone in one ear, got very much better. The medicine not only means to cure, but to prevent disease.

"This winter when every one was suffering from in grippe, I stood like a stone wall, absolutely proof against it. I am not a believer in 'patent medicines,' having found the majority of them fakes, but I do not healtate to recommend Peruma as the best medicines for catarrh the world has ever seen. I keep a bottle of it at home constantly and shull continue to do so, because I believe it to be the best medicine for catarrh the world has ever seen. I keep a bottle of it at home constantly and shull continue to do so, because I believe it to be the best medicine or earth. I never leave home that I don't put a bottle of it in my grip."

Mr. Evan D. Bowen, Dodge City, Kan, Conductor on the A. T. & S. F. B. B., writes: "I have had catarrh of the atomach for soven years, and I began to think that I never was going to be cured. At the time I began taking Peruna, I was unable to make more than one or two trips on the read at a time, not being able to keep anything on my stomach, I then weighed 185 pounds. I have been taking Peruna into the time and have never
